CHECK SYSTEM.

DIRECTIONS TO MEMBERS.

Always bear in mind the **Share Pass Book Number**.

Always give the Shop Assistant the **Share Pass Book Number** when making payment for goods, and always see that it is entered correctly upon a Paper Ticket, along with the amount of payment.

Always take the Tickets home, and retain them until you are advised of the amount of your purchases.

The importance of the above regulations will be recognised when it is realised that:—

If the number upon any Member's Ticket is incorrectly entered, the same error must appear upon the Ticket sent to the Office, and the Dividend upon every such incorrectly numbered Ticket will be received by a Member not entitled to it, and, consequently, forfeited by the Member who is.

The Colour of the Paper Check Ticket will be varied each Half-year, as a guide to Members.

If Members by mischance give in wrong numbers, they can have them rectified by calling at the Office with Check.
